SitOnIt Seating Showcases New+Next

Discover how they're innovating with collections made for now—and built for what's next.

The architecture and design industry is constantly evolving, and SitOnIt Seating is positioning itself at the forefront. New+Next is a curated collection of their newest release, featuring seven versatile products that combine high-end design, commercial-grade performance, and everyday comfort.

[Explore More](#)

A highlight of New+Next is the collaboration with CLAUDIO BELLINI Studio, which produced three distinctive collections: the Cotton Wingback Chair, Lumo Modular Lounge, and Clova Guest Seating. Each line embodies a shared belief in intentional design, offering furniture that encourages interaction, connection and ease across modern spaces.

The broader portfolio rounds out with adaptable solutions such as the Axys Multipurpose Chair, Ozmo Task Chair, and Focus 2.0 Polymer Back Chair, alongside the expanded Kindl healthcare collection with new patient and hip chairs.

Collectively, these introductions showcase how SitOnIt Seating is balancing bold design with performance and adaptability. Learn more about how they're meeting the needs of today—and anticipating what's next.
